

FOR IMMEDIATE RELEASE

Tridia Announces Staff Additions

Marietta, GA – July 15, 2008 - Tridia Corporation has hired two new employees to the U.S. office. New hires include Eunice C. Kipte-Balangué, Marketing Manager and Tracy Felts, Senior Software Developer.

Eunice C. Kipte-Balangué joins Tridia Corporation as the Marketing Manager. Responsible for creating and overseeing the global marketing mix, her responsibilities include developing campaigns that are strategic and integrated in nature, as well as refining and developing workflow processes that maximize revenue. Her industry background includes financial, medical, telecommunications, consumer lending, and information technology. Ms. Kipte-Balangué has over ten years of marketing and sales experience including working for companies like MarketPro, Inc., HomeBanc Mortgage Corporation, and MCI WorldCom.

Tracy Felts joins Tridia Corporation as a Senior Developer. Mr. Felts' was previously with Vigilar Corporation, an information security consulting company, where he was responsible for software development on web based interfaces, Linux network development, and internet security appliances. Tracy was previously employed by Tridia for twelve years prior to working for Vigilar.

Tridia Corporation, established in 1987, provides connectivity software solutions which enable companies to access, manage, support and share their remote Linux, UNIX and Windows computers and applications.
